INDIVIDUAL, DIVERSE AND INSPIRING

Derby Cathedral Quarter is unique in so many ways.

Here is a flavour of some of the many reasons why this area is so special and popular with visitors.

2

STEEPED IN TRADITION

The Cathedral Quarter has the largest concentration of family-owned and longstanding businesses in the city who have been serving customers in the city for many decades.

The Market Hall has more than its fair share of businesses that have stood the test of time. These include **Poyntons**, which have been established for 171 years, **Flowers by Joy** who have been family-owned for 100 years and many more businesses who have been passed down the generations.

Watts 1858 have, as the name suggests, been in the city for 161 years and **Brigdens** has

been established in the Market Place since 1876.

Other well-known local names include **Anderson** in The Strand, **Friar Gate**

Alterations and **Motorplus** in Chapel Street which have been here for 57, 40 and more than 30 years respectively.

PET FRIENDLY

Britain is a nation of pet lovers and the Cathedral Quarter is no exception. From pooches to parrots, scores of business owners in the Cathedral Quarter welcome their clients and customers in a very unique way.

The Cathedral Quarter BID has engaged with many more people recently on social media with its **#CQPetproject** campaign – highlighting the scores of businesses who bring their pets into work or who welcome customers' dogs into their premises.

Here are just some of the more unexpected business 'staff' in the Cathedral Quarter.

More can be seen on Facebook at [CathedralQuarterDerby](https://www.facebook.com/CathedralQuarterDerby) where there is also a list of dog-friendly establishments.

3

A WARM WELCOME

The **Cathedral Quarter Rangers** were one of the first services to be established by local businesses under the BID programme and the current Rangers Jon and Scott are popular with both businesses and visitors alike.

Dressed in distinctive burgundy uniforms, the Rangers are an important link between businesses and statutory agencies such as Derbyshire Police and Streetpride – reporting issues and being the ‘eyes and ears’ around the Cathedral Quarter.

Their duties include welcoming visitors to the area – guiding people to where they want to go, highlighting the various events that are coming up and pointing out the sights not to be missed in this unique part of the city centre.

The Rangers run their own Instagram account with great pictures and posts around the area. Follow at **@cqrrangers** to see the Cathedral Quarter from a Ranger’s perspective.

4

PEREGRINE PROJECT

For anyone who missed the Cathedral Peregrines recently – make a note in your diary not to miss this fantastic spectacle next summer.

Peregrine Falcons first nested on Derby’s Cathedral in 2006 and the Peregrine Project is now run by Derbyshire Wildlife Trust in partnership with Derby City Council, Derby Cathedral and Cathedral Quarter BID.

A series of Watch Point events are held on Cathedral Green between late May and early July, manned by volunteers with telescopes so that everyone can see the pair and their young as they take their first foray in the outside world.

Keep up to date at the blogsite: <http://derbyperegrines.blogspot.com/>

DEMENTIA FRIENDLY

Derby Cathedral Quarter is working towards becoming recognised as a dementia friendly community with special training for businesses and awareness sessions planned across the coming months.

Working with specially-trained Dementia Champions, businesses will be shown how to make simple changes to their premises and customer service to better cater for people living with dementia.

A number of businesses currently offer dementia friendly services including

Queens Leisure Centre which provides weekly dementia friendly swimming sessions, and **Quad** who offer dementia friendly film screenings.

MUSEUM OF THE MOON

'Museum of the Moon' is a touring artwork by UK artist Luke Jerram and will be installed in the majestic Derby Cathedral for visitors to enjoy in the run up to, and throughout, Derby Festé which will return to the city streets on Friday 27 and Saturday 28 September.

Measuring seven metres in diameter, the moon features detailed NASA imagery of the lunar surface. The installation is a fusion of

lunar imagery, moonlight and surround sound composition created by BAFTA and Ivor Novello award-winning composer Dan Jones.

Marking the 50th anniversary this year of the Apollo 11 moon landings and coinciding with a new moon on the 28th, the installation is a key element of the Festé theme this year – Space, Moon & Tides.

Family-friendly Derby Festé has been a key feature in the Derby festivals calendar for the past 13 years.

FESTÉ FUN

It attracts more than 30,000 visitors to the city centre over the two-day festival and features performers from across Europe in a celebration of street entertainment including dance, contemporary circus, music and comedy.

Derby Festé will kick off at 4.30pm on Friday September 27 with a high-energy aerial performance of 'Splash' by integrated circus company Extraordinary Bodies on Cathedral Green.

Visitors will then watch as around 200 young people from local Special Educational Needs (SEND) schools come together to create a choreographed 'Human Link' between the Cathedral and the banks of the River Derwent and highlighting the diversity of the city.

The finale of Friday evening will feature Dutch company, Close-Act who will parade their giant futuristic silver creatures through the St Peters Quarter and Cathedral Quarter – finishing in the Market Place at 9pm.

The procession will be a taster of Close Act's Saturday night showcase performance 'Malaya' at Bass' Recreation Ground, which will take the audience through a journey in time moving from dream-like tranquility to explosive nightmares.

Throughout the day on Saturday the Cathedral Quarter will come to life with a stunning array of street entertainment from acrobatics and dance to innovative theatre and comedy.

Meanwhile award-winning Catalan circus company Los Galindos will perform 'Udul' in a small yurt erected on Cathedral Green with four one-hour shows – afternoon and early evening – across both days.

Derby Festé is produced and presented by Déda, Derby LIVE, QUAD and Derby Theatre in association with the Without Walls Touring Network Partnership – a project that takes world-class UK outdoor arts to parks, squares and high streets across England. The two-day festival is funded by Arts Council England and Derby City Council with sponsorship from Derby Cathedral, University of Derby, Cathedral Quarter BID and Intu Derby.

All the entertainment is free apart from 'Malaya' and Udul'. Tickets are available now online at the Déda Box Office 01332 370911; www.deda.uk.com and for information about all the performances at Derby Festé please visit www.derbyfeste.com and follow on social media.

CQ HISTORY TRAIL

Derby Cathedral Quarter has proudly preserved its charm and character over the centuries and mirrors the city's rich tapestry of culture and heritage.

This is the historic heart of the city with much of the architecture dating back to Tudor, Georgian and Victorian times nestled around the magnificent Derby Cathedral featuring the 16th Century 212 ft tower.

As well as a wide range of historic buildings, there is a wealth of Blue Plaques, monuments and other attractions commemorating famous names and dates that helped to shape not only Derby but other pioneering moments around the world.

Here are some of the highlights you can expect to see on a tour of the Cathedral Quarter. The trail starts and finishes on the Market Place but you may choose to wander at your leisure, taking in some of the most beautiful parts of the city along the way.

- 1 The **War Memorial** in the **Market Place** was unveiled in 1924 with an inscription to the fallen of the Second World War subsequently added. It was re-dedicated by the Bishop of Derby in 1993.

- 5 **St Werburgh's Church** is a Grade II listed building and re-opened as a place of worship in 2017.
- 6 **The Friary** was a townhouse built in 1731 by Samuel Crompton. It is built on part of the grounds of the Blackfriars Dominican monastery. Behind the building are the remains of a much older wall, thought to be part of the old friary.
- 7 **The Old Bell Hotel** in **Sadler Gate** is one of Derby's oldest and largest coaching inns. The building has numerous ghost stories which have spawned from its 350 year history.
- 8 A **plaque** at Jorrocks in **Iron Gate** commemorates William Cavendish, Lord Lieutenant in the mid-18th century who commanded his own troop of loyal Derbyshire Blues in the venue and was famously courted by 'Bonnie Prince Charlie'.

9 There are references to **Joseph Wright** of Derby throughout the Cathedral Quarter including the **Armillary Sphere** memorial on **Iron Gate** near his birthplace.

10 Number 16 **St. Mary's Gate** was designed in 1893 by John Somes Story, the County's architect. Built in 1894-5 the building was originally used as a police station, and more recently administrative offices and a Police museum. It became the Cathedral Quarter Hotel in May 2008.

11 **Derby Cathedral** is a Grade I listed building which was upgraded in 1927 as the seat of the Bishop of Derby. The original church of All Saints was built in the mid-10th century and the main body of the church was completed in 1725.
